NOTHING, NOTHING CAN PREPARE YOU!

500 years ago, the shapeshifter Shang Tsung was banished from the Outworld to the Mother Realm (Earth) for his crimes. There, with the aid of his pupil Goro, a hideous half-human dragon, he was to atone for his crimes by unbalancing the furies of the realm, allowing his master Shao Kahn and his minions to enter the dominion and rule forever.

He was defeated.

He returned to the Outworld a failure, facing execution at the hands of Shao Kahn, supreme ruler of the Outworld, the Astral Planes of Shokan and the surrounding kingdoms. With the apparent death of Goro, his fate seemed sealed. But Tsung told Kahn of his plan for revenge, a plot so evil and twisted even Kahn was persuaded to grant him one final opportunity to redeem himself. He cleverly lured his adversaries to the bizarre Outworld where they would face a new challenge—a tournament hosted by Shao Kahn himself.

Today, the Tournament Begins... Again!

STARTING MORTAL KOMBAT® II

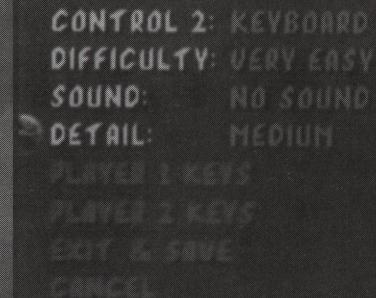

Pressing the F1 key begins a one-player battle for the title of Grand Champion. First, however, a fighter must be selected. The warrior selection screen has pictures of all the warriors available to a player.

To select a warrior, move the colored frame onto a warrior using either the keyboard or the joystick. When your choice is framed, press any attack key or button to select your warrior.

Should a second player desire to join the tournament, he or she may do so at any time by pressing the F2 key. This will then return both players to the "Choose Your Fighter" screen where they again must choose their warriors. Both players may choose the same warrior. When this happens, the two will be distinguished by color. The players will then battle one another with the winner continuing onward in the tournament, and the loser's game ending.

MORTAL OPTIONS

You can alter the Mortal Kombat® II environment to suit your taste or equipment. Press the F10 key before you begin game play to call up the Options Screen. Nine options are presented. RULES OF THE OUTWORLD

While the kombatants in the original Shaolin Tournament for Martial Arts wagered their very lives upon their skills, in Shao Kahn's Outworld tournament, they wager much more!!!

The Outworld tournament first tests a warrior's fighting skill by pitting him against each of the formidable Earth warriors. In all Mortal Kombat® battles, meters in the upper-left and upper-right corners of the screen measure the health of the warriors.

The meters begin each round completely green, but each time a warrior is hit, an amount of red signifying the degree of injury is added to his meter. When a warrior's bar becomes completely red, he is knocked out and the round goes to his opponent.

Should time run out before either kombatant is knocked out, the warrior with less injury is declared the victor. The first warrior to win two rounds takes the match and moves on to his next opponent.

NOTE: If five rounds pass without a match winner, both kombatants will be disqualified from the tournament.

Once a warrior has defeated the other kombatants in the tournament, he then takes on the first of his Outworld hosts, the demon Shang Tsung. His youth restored by his master Shao Kahn, Tsung possesses both powerful magic and considerable physical skill.

Should a warrior defeat Tsung, his next opponent is the massive Kintaro. Kintaro is of the same race of half-human dragons which spawned Goro. Enraged at his comrade's death at the hands of a mere mortal, Kintaro sought entrance to the tournament to seek revenge. Shao Kahn granted him this privilege in exchange for his servitude.

Defeating Kintaro proves a warrior worthy of meeting Shao Kahn, supreme ruler of the Outworld, in battle. Defeat him to end his rule and become the Supreme Warrior in the Outworld realm!

THE ART OF KOMBAT:

The art of Kombat is as it has been for thousands of years. A wise warrior will begin his training with the art of defense. Far more valuable than learning how to inflict blows is learning how to avoid or deflect them, for an opponent who attacks is an opponent who is vulnerable to attack. Once defense has been mastered, a warrior can begin to learn the fundamental offensive moves—the punches and kicks. In combination with strong defensive tactics, these moves are enough to defeat most foes.

MORTAL KONTROLS

Mortal Kombat® II is for one or two players. A single player fighting computer-controlled opponents can use the keyboard, a two or four button joystick, or a combination of a two button joystick (for movement) and the keyboard (for Punches, Kicks and Block).

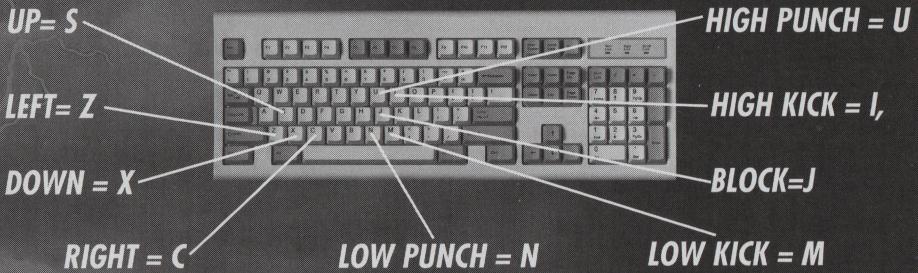

KEYBOARD CONTROLS

The functions of the keyboard controls are redifinable. The following are the default keys for an American keyboard:

PLAYER ONE

- Press the F1 key to begin play at any time.

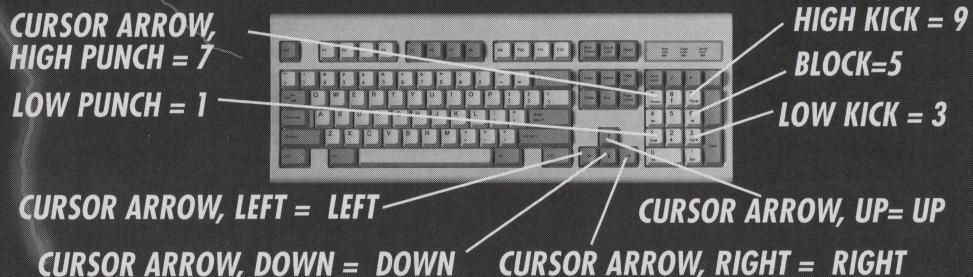

PLAYER TWO

A combination of cursor (arrow) keys and the keypad.

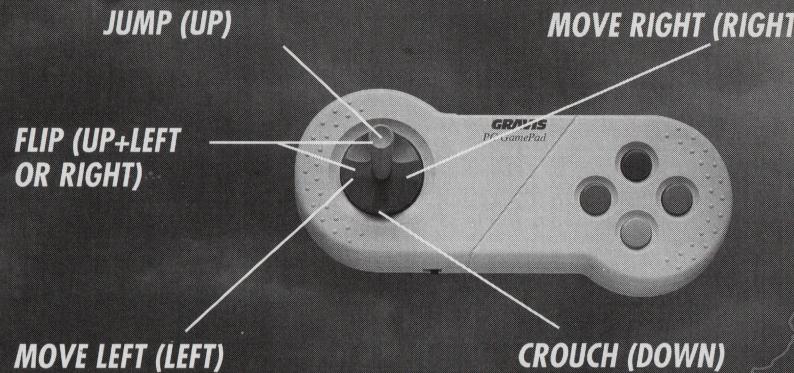

- Press the F2 key to begin play at any time.

BASIC KEYBOARD MOVES

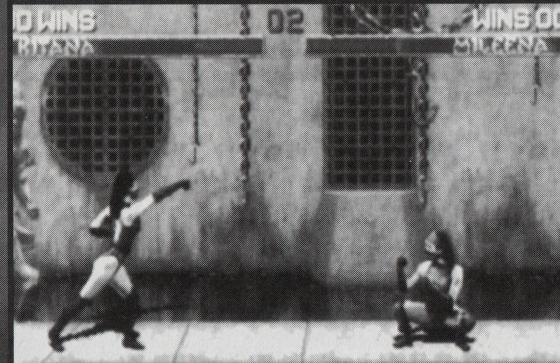

- TO MOVE FORWARD OR BACK: Press the designated LEFT OR RIGHT KEYS
- TO Crouch: Press the designated DOWN key
- TO JUMP: Press the designated UP Key
- TO FLIP FORWARD OR BACK: Press the designated UP + LEFT or RIGHT keys.

FOUR-BUTTON JOYSTICK CONTROL

MORTAL MOVES

AWAY → ← AWAY ← →

NOTE: Many Mortal Kombat® II moves use the designation AWAY or TOWARDS. AWAY refers to the direction AWAY FROM YOUR OPPONENT. TOWARDS refers to the direction OF YOUR OPPONENT.

THE ADVANCED MOVES:

The advanced moves use the basic moves as building blocks to form powerful maneuvers. Although they do more damage, they are also more difficult to execute, leaving the unwary vulnerable to an opponent's basic moves. The advanced moves are as follows:

- To UPPERCUT: Press CROUCH + HIGH PUNCH only
- To FOOT SWEEP: Press AWAY + LOW KICK
- To ROUNDHOUSE: Press AWAY + HIGH KICK
- To execute a FLYING PUNCH: JUMP or FLIP + LOW or HIGH PUNCH
- To execute a FLYING KICK: JUMP or FLIP + LOW or HIGH KICK

SPECIAL MOVES:

While being a master of Kombat may be enough to win any Earth contest, winning a contest in the hostile Outworld requires more of a warrior. In preparation for this tournament, every warrior has perfected several special moves. These moves often draw upon spiritual or supernatural energies, extreme physical conditioning, or mutant abilities for their effectiveness, and can be especially potent, often devastating an opponent.

KOMBAT OPTIONS:

TO PUT A HOLD ON THE KOMBAT:

Press the Alt-P key to pause the action. Press Alt-P again to resume play.

Press the Esc key while the action is paused to quit to the Start Screen.

Press the Alt-M key to turn the Music On or Off during play.

Press the Alt-S key to turn the Sound Effects On or Off during play.

Press and hold the Alt key then press the Q key at any time to quit to DOS.

WARRIOR WISDOM:

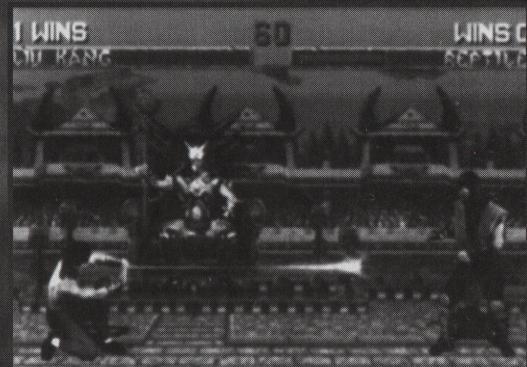

- Patience is a warrior's greatest ally. Wait for your opponent to attack, then counterattack him when he is most vulnerable.
- Timing is crucial to landing many moves. Practice often to learn timing secrets.
- With practice, combinations of moves can be learned which allow a warrior to hit his opponent several times before he has an opportunity to defend himself, making them an invaluable tool.
- Every warrior has different strengths and weaknesses in terms of speed and movement. Discovering these styles allows you to both use them better and combat them better.
